

Directions to Red Cedar & Sage Restaurant, 2nd Floor, Pike Place Market

Arriving by car:

It is easiest to approach the Market from Western, the street that runs directly behind the Market. There could be some street parking in addition to the parking lots/garages on Western.

Parking Garage, 1531 Western Avenue, \$4 per hour. After parking, turn right as you walk out from the lot onto Western Ave. Use the crosswalk just past World Spice Merchants and by Kasala Furniture to cross Western Ave. which will put you directly in front of the Pike Place Market elevator, shown below. There is a sign on the right above the elevator that says "Red Cedar & Sage." Take the elevator to the second floor; the door opens directly into the restaurant.

If you use the elevator directly across the street from the northern-most lot, it will take you to the craft section of the Market. Walk to the main aisle and then right toward the Fish-Throwing Guys by the Brass Pig. Follow the directions below in the "Once we are all there!" section.

Arriving by bus:

There are many city buses that will take you to Pike Place Market, and the majority of them travel on Third Avenue. Take any Third Avenue bus and get off at Pike or Pine and continue west toward the Market.

Many members who live in the northern areas of the city know how to take the bus from Northgate. Park in the Park & Ride or the Penney's parking lot and take the #41 bus downtown. Get off at Westlake Center and head west toward Pike Place Market. From Kirkland and the east side, take Metro #255. To have help planning your bus trip, go to: www.planner.kingcounty.gov.

Once we are all there!

Once inside the Market by the Brass Pig and the Fish-Throwing Guys, walk ~100 feet north. You will see signs that say "Rotary Grocery" and "Elevator." Keep the bakery on your left and Pike's BBQ Pit on your right. Walk down the short hallway toward the green wall with the elevator. Nancy is pointing to the hall and the elevator to the restaurant. Take the elevator to the second floor and the door opens directly into Red Cedar & Sage.
